

Carson Valley Trails Association Invites You To

"BUILD FOR BILL"
Saturday, October 22
8 a.m. to 3 p.m.
Genoa Canyon

(Located at the end of Carson Street in Genoa)

CVTA president, Bill Hay, was recently diagnosed with stage 4 esophageal cancer. Bill's illness has prevented him from doing something he would really like to do— donate trail building hours for CVTA's Genoa Foothill Trail project.

You can help! Come to Genoa Canyon and "Build for Bill" on Saturday, October 22. **Every hour of trail building that you donate will be an hour of support for Bill.**

No previous trail building experience is needed. You can work for all or part of the day. Wear long pants, long-sleeved shirt, sturdy hiking shoes or boots and glasses or sunglasses. Hard hats and tools are provided. Bring water and lunch. More information: 775-722-8784 or www.carsonvalleytrails.org.
